

**TELECOMMUNICATIONS FOR THE ENERGY TRANSITION,  
ENABLING A SECURE AND SUSTAINABLE FUTURE**

**EUTC**

**2024 ANNUAL EVENT**

**November 13 and 14, 2024**

**Brussels, Belgium**

Join the European utility telecommunications stakeholder community in this in-person EUTC Annual Event taking place in Brussels, Belgium on November 13 and 14, 2024.

Bringing together key stakeholders for a connected Smart Grid, including Utility Telecom strategists and practitioners, institutional and policy actors, standardization and technology developers, and disruptors, the event represents a unique European Utility-focused knowledge-sharing and socializing opportunity. By addressing known challenges and inspiring future directions, it fosters actionable insights for delivering and innovating adequate Telecom solutions.

Exclusive sponsorship packages are available to make your organisation shine before, during and after the event.

The event is free of charge for EUTC members (up to 3 representatives per member).
